

PRODUCT SHEET

Job Management

A complete platform from job coding and messaging on the Ehubo2, to the ability to interact seamlessly with partners to improve job management and customer service. Choose the option that is right for you.

EROAD Ehubo2 messaging and job coding

On EROAD's advanced in-cab device the Ehubo2 drivers can receive urgent jobs via our messaging platform direct to the vehicle, and reply through our two-way messaging feature. For daily tracking of jobs and proof of service enter the job number or code on the Ehubo2 and track this via the daily activity screen in EROAD Depot.

EROAD Partner Gateway

Partner Gateway is a unique feature of the EROAD platform. Through our Partner Gateway and available APIs EROAD has integrated with key job management platforms like ICOS LIVE and My Trucking, giving you a single view in the EROAD Depot software and the ability to improve your customer service.

Job management integration

EROAD's advanced API's allow accurate kilometres to be fed to your preferred job management provider for tracking of kilometres per job. Or choose from one of EROAD's already integrated providers like My Trucking.

My Trucking replaces paper-based systems with powerful, cloud-based job management software.

KEY BENEFITS

Partner integration

EROAD APIs enable you to integrate your business with key job management platforms

Replace paper-based systems

Powerful, cloud-based software streamlines processes and reduces costs

Improved transport management

Timely track and trace gives full job visibility

The screenshot displays the EROAD Depot software interface. The top navigation bar includes 'ACTIVITY', 'SERVICE', 'DRIVER', and 'REPORTS'. The main content area is divided into a left sidebar with tabs for 'Vehicles', 'Drivers', 'Geofences', and 'Include Trailers', and a central map view. The 'Vehicles' tab is active, showing a list of vehicles with columns for 'Status', 'Name', and 'Last Location'. A map of Australia is visible on the right, with a location pin for '964-Rob' in Western NSW. A mobile device (Ehubo2) is shown in the foreground, displaying the 'Job Numbers' screen. The screen has a back arrow and the title 'Job Numbers'. Below the title, there is a '+ Add Job Number' button. Two job numbers are listed: '11022452' and 'FX334411707', each with an 'Edit' link next to it. The EROAD logo is visible at the bottom of the device screen.

Status	Name	Last Location
358	Noel	13:43 Hume Hwy, Cabarita, Sydne
942	Chris	12:29 Primrose Ave, Emington, T
925	Jade	11:15 Western Mtwy, Eastern Cre
