

Electronic FBT Management

Electronic FBT Logbooks save time and money

EROAD's Electronic FBT Logbook provides an easy to use solution that minimises FBT payments, as well as time spent by your staff collecting and maintaining the required records.

The EROAD Electronic FBT Logbook is ATO approved, for peace of mind when lodging FBT and in the event of an audit.

The EROAD solution provides

- Support for calculation of FBT using the Operating Cost method to minimise payment of FBT by your business
- Easy logbook capture of trip purpose for your drivers, as our EROAD system automatically records all other required trip details
- Headline metrics that help fleet and operations managers select a representative 12-week period to accurately show the business usage of the vehicles in your fleet and, that allow them to monitor business vs private usage
- Scheduled report so the manager can monitor when a driver doesn't complete the logbook to improve compliance
- Automated record keeping stored for the requisite period and quick to audit.
