# EROAD Fuel Tax Credits (FTC)

## Claim every last cent of your FTC entitlement, with no dramas at all

**EROAD's FTC solution means your business can claim rebates on all of the fuel tax you've paid, for vehicles, whether it's on or off road.**

EROAD's FTC solution allows your business to maximise the rebates you're entitled to, even when fuel tax credit rates change. With EROAD, your credits are seamlessly calculated and reported for your business activity statements, meaning increased accuracy, reduced admin, and a much easier process overall.

### EASIER REBATE CLAIMS

Automate your FTC rebate claims - EROAD FTC makes it easier, reduces admin time and enables higher rebates

### CLAIM UP TO 2.5 x MORE OFF-ROAD

You can claim up to 2.5x the rebate rate for off-road than on-road

### GO BACK 4 YEARS

Use EROAD FTC to recover under-claimed rebates - you can go back 4 years if you can show a 6-month pattern of consistent use.

### SET SIMPLE BOUNDARIES

Create geofences for work sites near to public roads or construction zones to claim the maximum FTC entitlement

### FOR HEAVY AND LIGHT VEHICLES

Easily claim off-road FTC for heavy and light vehicles

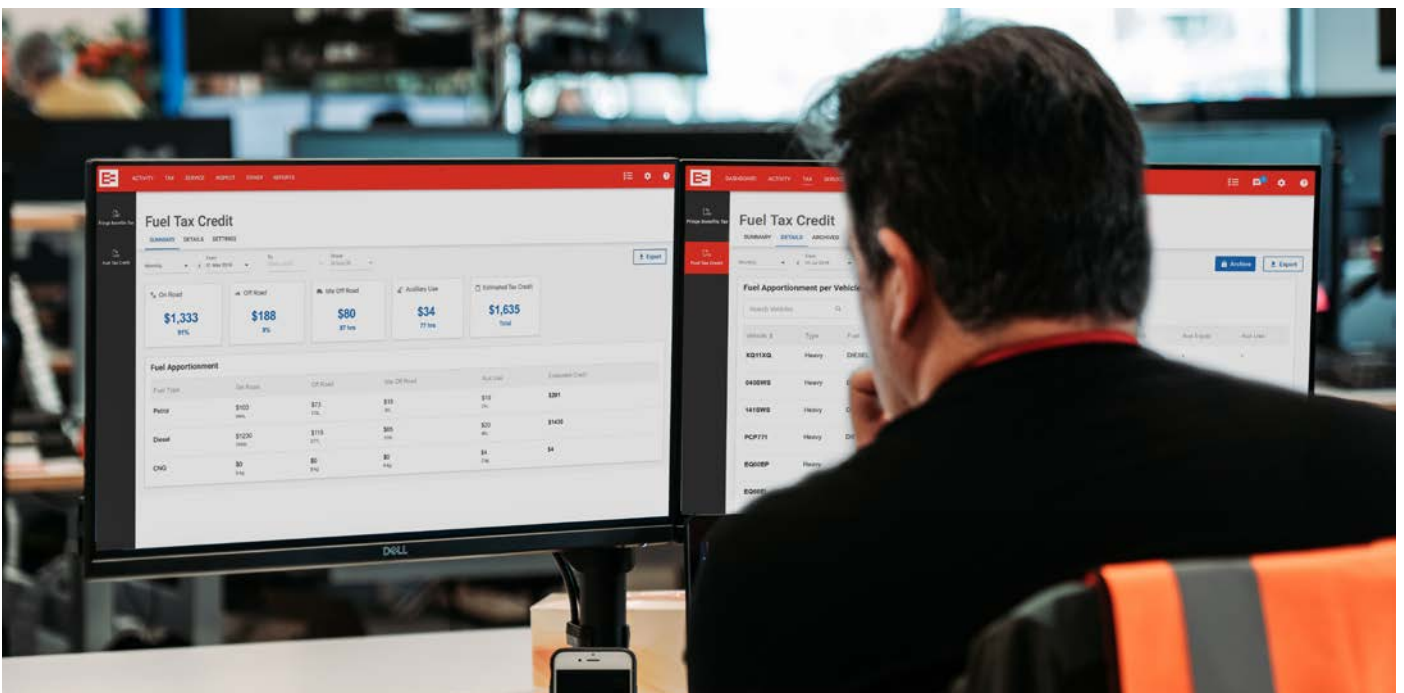

### MAXIMISE REBATE CLAIMS

Include auxiliary equipment and claim idle time on heavy vehicles

- ✓ The product provides snapshots of a fuel tax credit report periods enabling the creation and retention of accurate records and of A.T.O claims

### About EROAD

EROAD develops technology solutions (products and services) that manage vehicle fleets, support regulatory compliance, improve driver safety and reduce the costs associated with driving. EROAD also provides valuable insights and data analytics to universities, government agencies and others who research, trial and evaluate future transport networks. This data enables those who use the roads to influence the design, management and funding of future transport networks.
