

“ Since we implemented Logmaster we have seen an incredible jump in productivity and the time-saving benefits are absolutely undeniable. Our compliance team can now focus more on other areas of the business rather than spending so much time on manual tasks and working with multiple different systems. ”

- Logmaster User Testimonial

## POWERFUL COMPLIANCE TOOLS FOR TRANSPORT BUSINESSES

# LOGMASTER™

# ELECTRONIC WORK DIARY

## ADVANTAGES

- ✔ Helps reduce logbook errors which can result in fines
- ✔ Helps prevent breaches with countdown clock and break alerts
- ✔ Allows driver to edit their work and rest break info before submitting
- ✔ Start rest breaks whenever you stop – EWD counts to the minute rather than by 15 minute blocks like paper logbooks
- ✔ Allows roadside inspection to be conducted more quickly and with confidence

## SIMPLE AND EASY TO USE

- ✔ Works in blackspots and low coverage areas
- ✔ Includes all WA and NHVR rule sets and supports 2 up and coach driving
- ✔ Works on Apple and Android smartphones and tablets equipped with SIM card
- ✔ Removes the need to keep a paper logbook with you in the truck once you have logged for 28 days with Logmaster
- ✔ Works in all states and territories of Australia
- ✔ Switch on voice alerts and the EWD will speak to you and remind you how long you have left until you must stop for a rest break
- ✔ The system supports subcontractors and drivers who work for multiple companies
- ✔ Easy self setup – takes 5 minutes to setup
- ✔ All training and support included – call us anytime
- ✔ Sends equivalent of your yellow pages to your employer
